

'INSPIRED BY THE EMIRATES'

CAROLINE BANCROFT

(28th November – 12th December 2012)

Thank you for coming to look at this Exhibition. It is always a pleasure to be able to show my work.

It is now over thirty years since I lived in The Emirates. To have an Exhibition here after all this time is a treat for me.

The idea for this Exhibition was conceived following the publication of "The Desert Knows Me Well.....". It was suggested that I might like to paint from my memories. This was great fun. At the same time I unearthed a few little pictures that I had forgotten about, hence the group of miniatures in my former name; Caroline k Jackson.

My memories are those painted in oils, acrylics. I wanted to work in a totally different medium than I had used in the past offering a more relaxed and fresh approach. This work was completed over the past three years.

The small works in Gouache interpret similar scenes with a simplicity of line and colour reflected from the desert. The effect is very different.

All of the work on display is for sale. Please find the price list overleaf.
